AN OUTSTANDING PERSON

In March we made a cool collaboration with **Yan Klochko**.

Yan transferred to us the equipment for the total amount of UAH 453 012:

BLUETTI PowerOak EB70 Portable POWER Station 1000W 716Wh – **2 units**

DJI Mavic 3 Classic (DJIRC-N1) – **1 unit**

DJI Mavic 3 Classic (DJI RC)- **5 unit**

In our turn, we arranged supplies of these items to our defenders!

“Since the beginning of war it was clear equipment must be purchased not after a particular request but in batches, which then can be distributed according to needs. That is why we agreed all details very fast with Front-U and delivered items to air reconnaissance units. I focus on walkie-talkies, bulletproof vests and drones. Feel free to reach me if needed. Helping defenders of Ukraine is our common goal. Together we are bringing the day of our Victory closer.”

- Yan Klochko

PROJECT «KROPYVA TO THE FRONTLINE!»

Havas
Engage

The idea of «**KROPYVA TO THE FRONTLINE**» was born in autumn 2022 when most of Ukraine was regularly plunged into darkness by russian missile strikes. Planning, preparation and launching required a lot of time but finally we managed to bring it to life!

An exclusive design of vyshyvanka was developed by us together with **2KOLYORY**, who also produced for us the limited men's and women's collection.

Our partners from **Havas Engage** managed all the questions related to contacts with winners of the project, and also managed packaging, leaflets and delivery.

As a result during 3 weeks we raised **UAH 427 327**:

- **21 people**, who donated at least **UAH 15 000**, received a guaranteed vyshyvanka
- **140 people**, who donated at least **UAH 500**, participated in a lottery and as a result **9 of them** won and received their vyshyvanka as well

Already in April 2023 we turned these donations into the tablets with installed «**KROPYVA**» **software** and these tablets are on their way to the defenders who are good in setting fire!
